"This conference was the highest rated conference to date and that is over 6 years. You hit the ball out of the park!"

Alfonso N. Cornish, Norton Healthcare VP Education and Development/Chief Learning Officer

"Awesome! Simply awesome!!! One of my proudest moments at NIH! You and Dee made me feel so special!!! On my way back to my building, I walked and listened to the conversations of others walking within earshot. I heard so many favorable comments. One group of four younger men shared comments about your singing and what a great voice you had. A woman in another small group said she'd heard motivational speakers before, but that you were about the best she'd heard. Two women walking together remarked on how they felt motivated. As for me, I really needed to hear that. I have moments of doubt about this darn PhD program and you've renewed my spirit to make it, so I thank you."

"Dear Mr.Jolley,

Earlier today, you spoke at my high school and I just wanted to let you know how inspirational your speech was! Last week, President Obama spoke to us, and today you spoke. You were great and I would also like to let you know that I am that person you were talking about when you said someone in that room would change the world. Your words really spoke to me and I just wanted to let you know that you are very much appreciated at Wakefiled High. I have heard many kids say that your speech was better and more inspirational than Mr.Obama last week! Thanks for coming!" -
